

Introducing AFCO's E-Z Endorsement Financing

It is as easy as checking off a few boxes ...

AFCO is currently financing the original policy.

The endorsement is less than \$10,000.

The insured's account is current and in good standing with AFCO.

Send AFCO an email with the date, policy number and amount of the endorsement.

Note: Insureds located in TX or VA must email their agent authorizing the financing. In turn, the agent forwards their email to AFCO.

AFCO will fund the endorsement amount and send notices to all parties.

The new amount will be included in subsequent invoices.
